

## DT bench mini

## DT

The DT series consists of beautiful dining tables and benches in two different lengths, and the series is a rather unique combination of craftsmanship and top quality materials that are characterised by the distinctive mortise-and-tenon joints that fuse the leg corners together. DT is designed by the Danish duo, Glismand & Rüdiger, who created the series with the clear objective of combining function with quality. Therefore, both dining tables can be extended with just a few simple movements to accommodate events both great and small in everyday life as well as weekends. The accompanying DT bench matches the width of the dining tables and design aesthetics to perfection.

Before € 669
