

# Seed Series

Designed by Hans Thyge & Co

Seed is a series of chairs designed by Hans Thyge & Co. Designed with comfort and the body's natural position in mind, Seed is designed to embrace you and provide exceptional comfort. From the seat's soft curves, the front's slight inclination and the flexible back, Seed offers you extraordinary comfort and excellent lumbar support. Seed is also made from recycled plastic and FSC-certified wood, and the construction is strong enough to withstand even the toughest quality tests.

## About the Designers
