Yacht

When exceptional effort is put into wood crafting and combined with a Scandinavian sensibility the results are bound to be stunning. This was the creative outset when the Danish design duo, Glismand & Rüdiger, designed the Yacht series, starting with a breathtakingly simple dining table with a clear conscience and straightforward presentation. The series includes dining tables in different sizes and design languages and high boards all made up by crafted details and beautiful carpentry. A series of understated yet completely spectacular furniture.
