

FUSION SERIES DINING TABLES

The Fusion dining table - designed by Morten Svendsen. We are proud to say that the Fusion dining table has won German Design Award Special 2021. The table has an elegant modern look with the metal legs and the elegant top in either a round or a boat shaped version. The round Fusion table takes extension leaves in the middle, and the boat shaped Fusion table takes an extension in each end. You can choose design on the table by choosing your preferred surface and legs in either pure black metal legs or metal legs with veneer.

FUSION SERIES

Our Fusion table - Winner of German Design Award special 2021 - is a real eye-catcher, it comes in 4 different sizes - Two boat shaped sizes and 2 round sizes. This means that this table fits into a lot of different rooms. The metal legs and the thin profile gives the table an elegant and modern look, and gives your home an exclusive touch. If you choose the boat shaped table in veneer, you can get it in a beautiful intarsia veneer on the whole table. The round Fusion tables are not available in intarsia veneer. But please see below, both shapes comes in a lot of beautiful colors. The legs can be chosen in either black metal or black metal with veneer. Magazine for extension leaves can be mounted on the rectangular 220 cm table.

PBJ
DESIGNHOUSE
EST. 1968

QUALITY FURNITURE SINCE 1968

PBJ Designhouse was founded in 1968 by Per Buhl Jørgensen. Since 1996 the proud design and craftsmanship tradition has been carried on by Morten Svendsen, and the company has invested in large production facilities to follow the strong demand.

DANISH DESIGN

PBJ Designhouse has a tradition of bringing together furniture architects and certified cabinet makers since the start.

This has turned the company into an exponent of Denmark's proud traditions in furniture – when creativity and quality unite, the result reaches new heights.

FURNITURE WITH A CONSCIENCE

All wood used at PBJ Designhouse comes from state approved plantations, where the logs are individually selected and gently harvested.

We often produce furniture with veneer. The reason for this is twofold. It reduces the use of solid timber, thereby conserving natural resources. Secondly, the MDF that the veneer cover is made with recycled wood which is better for the environment whilst still producing a strong and high-quality surface.

All of our timber and veneer are carefully hand sorted so that the grain patterns and colour variations are as harmonious as possible.
