

Harbor Work Lounge

Product Sheet

HARBOR WORK LOUNGE

HAVE A SEAT. EVERYTHING IS AT YOUR FINGERTIPS.

Technology has blended all factions of life—work, play, family, and even travel. Individuals are no longer tethered to a desk, or even to an office. Part task seating, part lounge chair, Harbor Work Lounge offers the support people need to be productive, while making a stylish statement wherever you need to get work done.

Harbor Work Lounge's dual work surface provides easy access to your worktools. Its integrated sliding tablet offers an active workspace for laptop or notepads, while the suede upholstered seat wing provides a non-slip space for electronics, personal items, and a beverage. A matching ottoman doubles as a pull-up stool or as an auxiliary surface for additional work or personal items. Choose from a fully or partially upholstered chair shell on a cast aluminium base. Harbor Work Lounge combines form with function, style with convenience - it's a platform that supports how you work, no matter where you are.

Bring the tools you need, have a seat, and get right to work.

DETAILS

DESIGNER Nicolai Czumaj-Bront

LOUNGE CHAIR Partially or fully upholstered with left wing, optional right tablet
