Description:

With JASON, SOFTLINE has launched a brand-new model that builds a bridge between different uses and furniture types. It combines an appealing modern design with a practical function as a sofa bed. With a high back with gently rounded corners and a mattress with soft edges, it's a contemporary bed for relaxing, hanging out or having a confidential chat, whether it's in the living room or a public user-oriented environment. The possibilities for combining materials, fabrics and colours are as endless as it's uses.

Year of design: 2016

Design: busk+hertzog

busk+hertzog was established in Denmark in 2000 by Flemming Busk and Stephan Hertzog, and their successful studio, today located in Lisbon Portugal, has won more than 75 of the most prestigious international design awards, including Red Dot Award - Best of Best, IF Awards and Good Design Awards. busk+hertzog's design characteristics are sculptural, clean lines and a simple expression with mini-mal embellishment, and they often get their inspiration from shapes and lines found in nature.

Flemming Busk has worked with SOFTLINE since 1999, where he won our idea competition with his simple yet brilliant sofa bed SLEEP. He has also specially designed, among other things, the HELLO chair for the world-famous pop star Kylie Minogue.
