

## Turned Table Ø75 cm

### Turned

Turned tables are made from sustainable, FSC-certified wood and offer a durable starting point supplemented by an aesthetically pleasing exterior. The sleek and understated design language makes the tables suitable for smaller homes or rooms without taking up too much space, but with just the right fit. The table base is made from one solid wood block, which explains the English term 'Turned' and emphasises the discreet yet extraordinary design that is characteristic of the whole series.
