

Sleek low barstool

Sleek

The Sleek series is authentic, Nordic craftsmanship, housing different variants of the same iconic contour. Made with the desire to use moulded, solid FSC-certified wood to create a modern chair with clear references to classic furniture design. The series offers both a dining chair variant and complementary barstool version, each design shares the soft curves that make Sleek a bliss to sit in regardless of the design you opt for. The result is a comfortable and aesthetic chair that honours traditions, good craftsmanship and honest materials.
